FLYOVER ICELAND

THE ULTIMATE FLYING RIDE

Get ready to see Iceland like never before! Coming in 2019, FlyOver Iceland will use state-of-the-art technology to reveal some of Iceland's most awe-inspiring and picturesque landscapes and destinations. Guests will hang suspended, feet dangling, while the ride virtually whisks them away on an exhilarating journey around Iceland. Special effects, including wind, mist and scents, combine with the ride's motion to create a unique and unforgettable experience.

NEW FLIGHT RIDE OPENING 2019

Soar across some of Iceland's most spectacular scenery and natural wonders with the latest in simulated flight ride technology. Wind, scents and other amazing effects will give the true feeling of flight and deliver an unforgettable flying experience for all ages.

“The FlyOver concept creates an unforgettable experience for guests with breathtaking scenery and the feeling of flight. We are thrilled to expand this concept into a new iconic tourism destination. Reykjavik, Iceland will be our first attraction outside of North America and, with the region enjoying robust tourism growth, it's the perfect location for a FlyOver attraction.”
